Approved For Release 2000/08/18 : CIA-RDP81B00879R001100060191-7

April 6, 1956

To: Contracting Officer

Subject: CONTRACT SP-1913

Attached is a communication from our purchasing agent in connection with an engineering change in the auto pilot system requiring the substitution of parts already purchased and the redundancy resulting therefrom. The matter covered therein appears self-explanatory.

It would appear that Lear, Incorporated is our only possible customer for this part and that unless we accept this proposal we will be forced to scrap the item, in which case there would be no recovery value whatever applicable to our contract.

If the price offered us by Lear, Incorporated, of $260.28 per unit, is acceptable, will you indicate your approval of our disposition of the affected parts to Lear by signing the extra copy of this letter enclosed in the space provided therefor, and returning it to us for our files.
